# 1 PENGENALAN

## INTRODUCTION

Penubuhan Muzium Etnologi Dunia Melayu (MEDM) telah disuarakan gagasannya oleh para cendekiawan Melayu pada Persidangan Tamadun Melayu di Kuala Lumpur pada tahun 1989. Reka bentuk muzium ini berkonseptan rumah Melayu tradisional yang jelas dapat dilihat pada bentuk anjung dan bumbungnya. Muzium Etnologi Dunia Melayu telah dibuka kepada orang ramai secara rasminya pada bulan Mac 2002.

*The idea for the establishment of the Malay World Ethnology Museum was first proposed by Malay scholars during the Conference of Malay Civilization in 1989. The design concept of the museum is inspired by a traditional Malay house, which can clearly be seen on the design of its porch and rooftop. This museum was officially opened to the public in March 2002.*
